Dialogues with Entrepreneurs

Organizer:
Graduate School, The University of Hong Kong

Speaker:
Dr. Kenneth Lai
Executive Director / Founder,
Novus Life Sciences

Date: April 18, 2018 (Wednesday)
Time: 12:45 to 1:45 pm
Venue: iDendron, 1/F Knowles Building

About the Speaker:

Dr Kenneth Lai, **Co-founder and Executive Director of NOVUS Life Sciences** (<http://novusls.com/>), is an enthusiastic young scientist with extensive experience in the fields of pharmacology, immunology, virology and oncology. With a PhD in Cancer Research from the University of Hong Kong, he has published more than 10 international journal articles as well as invited book chapters. He also holds a patent in the University of Hong Kong as one of the co-inventors. Prior to NOVUS, he worked in GenePro DNAGnostic Technology Limited, where he was heading the paternity testing department

About the Company:

NOVUS is a biotech startup based in Hong Kong. It focusses on R&D of orthobiologics, biotechnology joint ventures and biotechnology consultancy. The company partners with universities, hospitals, industries and investors for synergy. The team is dedicated to bringing values to the field of biotechnology through commercialization. NOVUS was selected as the 20 world hottest startup in 2014 by CNBC and featured by a number of local and international media.
