

## LiteX Limited

LiteX is a forward-looking legalTech startup focused on building products and solutions that are needed for the 21st century. We invent research tools that connect the dots and streamline the process for legal practitioners. At inception, we are expanding and acquiring talents dedicated to building next-generation solutions for the needs of the law industry.

### **About us**

LiteX is a LegalTech NLP startup on data extraction and intelligent analysis founded by a group of legal, business, and computer science entrepreneurs.

We are a search engine at the forefront of legal technology. Helping legal professionals find key facts at a glance, automated by state-of-the-art AI & NLP.
